FROM DIXIE IN ROCKFORD

I'd like to let everyone in the family know I'm doing OK. I'll never be able to thank everyone for all they have done and for all the cards, e-mails, and phone calls. I look forward to them and they make it easier for me to go on without Mark. I know he would be very happy that you all consider me a Prentice and are taking care of me. I would also like to let you all know that when we get it all together Dawn, Todd and family are taking me to New Orleans to spread Mark's ashes in the city he loved so much. It will also give my family and friends there a chance to say good-bye. I'd also like to tell you that our friend Leise in New Orleans will have a new CD soon. She is using a picture I painted of her new home in the Musician's Village on the cover and back of the CD. She is also dedicating it to Mark. I really feel this is a great honor because she writes her own music and her work is very dear to her. That she would honor Mark in such a way and use my paintings is really awesome. They will be for sale soon. I don't have the details yet. But I will let you know later and if any of you are interested in getting I'll see they get to you.

I'll close for now and look forward to hearing from all of you. Love , Dixie

Why are wedding dresses white?

Son asked his mother the following question:

"Mom, why are wedding dresses white?" The mother looks at her son and replies,

"Son, this shows your friends and relatives that your bride is pure."

The son thanks his Mom and goes off to double-check this with his father.

"Dad why are wedding dresses white?"

The father looks at his son in surprise and says,

"Son, all household appliances come in white."

On March 7th, Esther, George, Dad and I flew out of the cold Rockford weather to sunny Laughlin, Nevada. We had a smooth flight and seeing the Grand Canyon from the air is awesome!

The guys treated us girls to an afternoon at the salon where Aunt Esther had her first pedicure and I had my first spa facial. It was so relaxing! Then we had our hair done.

On Sunday, while walking around the Harrah's pool, I threw a nickel into the fountain. Uncle George said, "Did you make a wish?" and I said, "Yes, I'm going to hit ten grand tonight!"

He said, "Now you won't get your wish because you told me what it was!" Well, later that night, Uncle George hit ten grand playing video poker! HE got my wish!! So when I told him he owed me, he said, "I'll give you your nickel back." That's our George!! I think he did feel sorry for me because then he did give me \$100 which lasted a little while at the roulette wheel.

Dad wasn't having much more luck than I but he really liked the tall green top hat that me and Aunt Esther picked up for him at the outlet mall. We even sang Happy Birthday to him at the bar as he wore it proudly!

Thanks to the three of them for having me along. It was lots of fun and I hope we do it again sometime.

Guy walked into the local welfare office to pick up his check. He marched straight up to the counter and said, "Hi, You know I just HATE drawing welfare. I'd really rather have a job."

The social worker behind the counter said, "Your timing is excellent. We just got a job opening from a very wealthy old man who wants a chauffeur and bodyguard for his beautiful daughter. You'll have to drive around in his Mercedes, and he'll supply all of your clothes." "Because of the long hours, meals will be provided. You'll be expected to escort the daughter on her overseas holiday trips and you will have to satisfy her sexual urges. You'll be provided a two-bedroom apartment above the garage. The salary is \$200,000 a year."

The guy, wide-eyed, said, "You're bullshittin' me!"

The social worker said, "Yeah, well ... You started it."

WD-40 who knew?

= Water Displacement #40.

The product began from a search for a rust preventative solvent and degreaser to protect missile parts.

WD-40 was created in 1953 by three technicians at the San Diego Rocket Chemical Company. Its name comes from the project that was to find a "water displacement" compound. They were successful with the fortieth formulation, thus WD-40.

The Corvair Company bought it in bulk to protect their atlas missile parts. Ken East (one of the original founders) says there is nothing in WD-40 that would hurt you.

When you read the "shower door" part, try it. It's the first thing that has ever cleaned that spotty shower door. If yours is plastic, it works just as well as glass. It's a miracle!

Then try it on your stovetop... Voila! It's now shinier than it's ever been. You'll be amazed.

Here are some of the uses:

- 1) Protects silver from tarnishing.**
- 2) Removes road tar and grime from cars.**
- 3) Cleans and lubricates guitar strings.**
- 4) Gives floors that 'just-waxed' sheen without making it slippery.**
- 5) Keeps flies off cows.**
- 6) Restores and cleans chalkboards.**
- 7) Removes lipstick stains.**
- 8) Loosens stubborn zippers.**
- 9) Untangles jewelry chains.**
- 10) Removes stains from stainless steel sinks.**
- 11) Removes dirt and grime from the barbecue grill.**
- 12) Keeps ceramic/terra cotta garden pots from oxidizing.**
- 13) Removes tomato stains from clothing.**
- 14) Keeps glass shower doors free of water spots.**
- 15) Camouflages scratches in ceramic and marble floors.**
- 16) Keeps scissors working smoothly.**
- 17) Lubricates noisy door hinges on vehicles and doors in homes.**

18) It removes black scuff marks from the kitchen floor! Use WD-40 for those nasty tar and scuff marks on flooring. It doesn't seem to harm the finish and you won't have to scrub nearly as hard to get them off. Just remember to open some windows if you have a lot of marks.

19) Bug guts will eat away the finish on your car if not removed quickly! Use WD-40!

20) Gives a children's play gym slide a shine for a super fast slide.

21) Lubricates gear shift and mower deck lever for ease of handling on riding mowers.

22) Rids kids rocking chairs and swings of squeaky noises.

26) Restores and cleans roof racks on vehicles.

27) Lubricates and stops squeaks in electric fans.

28) Lubricates wheel sprockets on tricycles, wagons, and bicycles for easy handling.

29) Lubricates fan belts on washers and dryers and keeps them running smoothly.

30) Keeps rust from forming on saws and saw blades, and other tools.

31) Removes spattered grease on stove.

32) Keeps bathroom mirror from fogging.

33) Lubricates prosthetic limbs.

34) Keeps pigeons off the balcony (they hate the smell).

35) Removes all traces of duct tape.

36) Folks even spray it on their arms, hands, and knees to relieve arthritis pain.

37) Florida's favorite use is: "cleans and removes love bugs from grills and bumpers."

38) The favorite use in the state of New York... WD-40 protects the Statue of Liberty from the elements.

39) WD-40 attracts fish. Spray a LITTLE on live bait or lures and you will be catching the big one in no time. Also, it's a lot cheaper than the chemical attractants that are made for just that purpose. Keep in mind though, using some chemical laced baits or lures for fishing are not allowed in some states.

40) Use it for fire ant bites. It takes the sting away immediately and stops the itch.

41) WD-40 is great for removing crayon from walls. Spray on the mark and wipe with a clean rag.

42) Also, if you've discovered that your teenage daughter has washed and dried a tube of lipstick with a load of laundry, saturate the lipstick spots with WD-40 and re-wash. Presto! Lipstick is gone!

43) If you sprayed WD-40 on the distributor cap, it would displace the moisture and allow the car to start.

44) I just used it to get dried caulking off my bathroom floor. Worked like a charm.

P. S. The basic ingredient is FISH OIL.

P. P. S. I keep a can of WD-40 in my kitchen cabinet over the stove. It is good for oven burns or any other type of burn. It takes the burned feeling away and heals with NO scarring.

Dixie: [I will explain it to you later.](#)

Hillary Clinton and her driver were cruising home along a country road one evening when an ancient cow loomed in front of the car. The driver tried to avoid it but couldn't. The aged cow was struck and killed. Hillary told her driver to go up to the farmhouse and explain to the owners what had happened and pay them for the cow. She stayed in the car making phone calls.

About an hour later the driver staggered back to the car with his clothes in disarray. He was holding a half-empty bottle of expensive wine in one hand, a huge Cuban cigar in the other, and was smiling happily, smeared with lipstick. "What happened to you," asked Hillary ?

"Well," the driver replied, "the farmer gave me the cigar, his wife gave me the wine, and their beautiful twin daughters made passionate love to me."

"My God, what did you tell them?" asked Hillary .

The driver replied, "I just stepped inside the door and said, 'I'm Hillary Clinton 's driver and I've just killed the old cow.' The rest happened so fast I couldn't stop it."
