Just to let you know

Well, brother Patrick will have his left knee replaced in November. He will be in the hospital 3 to 4 days, and then he will be in a re-hab center 7 to 10 days. Then he will begin a 90 day in home re-hab. He will be spending part of his re-hab during the Christmas Holidays with Mike and Linda.

He will than get his right knee replaced in January, and then he will repeat the above!!!!!!

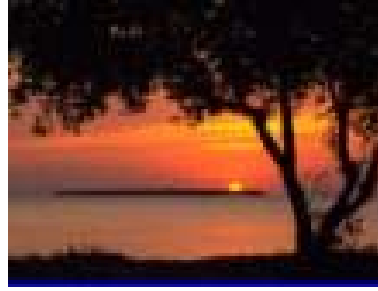

He says that will take him though the end of March 2006.

I think we should all give him a call and cheer him up while he is home re-hab.

"When all of your wishes are granted, many of your dreams will be destroyed"

PRENTICE FISHING TEAM

As most of you know the Prentice Brothers, Patrick, George, Mark and Mike all went to Wisconsin for a week of Fishing, Drinking, Bonding, Drinking, Eating, Drinking, Gambling and Drinking.

We had a great time and Mark caught his first fish EVER.

The water was down 36 inches because of the lack of rain and this really provided a challenge for all of us "Old Farts" to make it over the rocks to get to the boat docks.

It also made it tougher to find the Hot fishing spots.

You folks have had some strange weather this year. It was warm in the 80's all week. I brought too many heavy clothes.

We did catch quite a few fish but no Musky. George and I had one on but didn't bring it into the boat.

We want to thank the hosts and everyone that came to George and Esther's party before we left and at Jim and Mary Horns party when we returned. It was great to see everybody.

Computer Talk: Trojan Horse Virus

“Your Anti-virus software offers no protection from Trojan Horses”

Most traditional Trojans are delivered via e-mail attachments.

They seduce the receiver into opening and executing the attachment file by implying it’s a legitimate software program or a file from a legitimate source.

Before you open any e-mail attachment “always” be able to answer “yes” to all four of these questions.

1-I know who the attachment is from

2-I know what the attachment is.

3-I know what the attachment does.

4-I know the attachment came directly from the sender and it was not forwarded.

We are all guilty of forwarding attachments and this is where most Trojan Horses come from.

Daylight Savings Ends
